

**Nama : Yulianti A**  
**Stambuk : 13020180125**  
**Kelas : B2**

## Dokumentasi Aplikasi

### 1. Tampilan Design

### 2. Tampilan Aplikasi

### 3. Input Data Pada Aplikasi

The screenshot shows a window titled "Data Mahasiswa FIKOM UMI 2018". It contains a form with the following fields and controls:

- Nomhs:** A text input field containing "0125".
- Nama:** A text input field containing "Yulianti A".
- Jurusan:** A dropdown menu with "Teknik Informatika" selected.
- Buttons:** "New", "Simpan", "Edit", "Hapus", and "Keluar".
- Table:** A table with three columns: "Nomhs", "Nama", and "Jurusan". It is currently empty.
- Search:** A "Cari" button and an empty search input field.

#### a. Menyimpan Data

This screenshot shows the same application window as above, but with a "Message" dialog box open in the bottom right corner. The dialog box contains an information icon and the text "Data Berhasil disimpan", with an "OK" button at the bottom right. The "Simpan" button on the main form is highlighted, indicating it was the last action taken.
